Inclusion Newsletter

Welcome to another Inclusion Newsletter! It has been a very busy start to 2022 across The Federation. We have some exciting things planned and coming up, which we are looking forward to sharing with you all!

Structured Conversations

Just a reminder that Structured Conversations are taking place this week. These will be happening virtually. You should have received an email from School Cloud with your time and date. During this meeting with your child's teacher, you will discuss progress, provision in school and new targets. If you have not received an email with an appointment, please talk to your child's teacher.

Sensory Room

Ms. Simpson has very kindly allocated an empty room in the Sendak Studios to the SEND Team to transform into a Sensory Room! We have been busy applying for funding to purchase resources, furniture and furnishings to provide students with a safe sensory space to support with sensory and emotional regulation and to provide an area for calm and focus. Watch this space!
